Have you ever visited Travelocity, then Expedia, then Orbitz, just to find that the rates are all within a few dollars? Why is that? Rate Parity!! Their prices ARE ALL THE SAME, so they simply compete for ad space to get you to click their site before the other guys.

So how can we beat those prices?

1. Once you become a member of Las Vegas Vacation Club, we give you everything Vegas, PLUS we allow you access to our Hotels, Flights, and Cars portal, which can be used for trips anywhere in the world! No matter who you are, we know you travel. All people do!
2. As a Vacation Club rooted in Las Vegas, we love it when you travel to our town! Did you know, whether you travel to Vegas, one time every 5 years OR come 5 times a year, on average, you WILL save enough in ONE trip to cover the initial access fee?
3. Whether it's a private vacation site or a public site, NOWHERE ELSE will you have the ability to earn Reward Points towards YOUR vacation, while you are booking YOUR vacation. To go one step further, we allow you to give your friends and family access. AND when they book, you ALSO earn Rewards Credits from them! Now we are talking about VALUE!
4. Although we charge an initial access fee, that fee is roughly 1/10 of the total you would pay elsewhere. How can we do that?

We ARE the source and general concierge for these trips and activities. We are simply giving you access to our own booking portals. NOWHERE else can you gain access to a Travel and Entertainment Portal like this.
